### TIPS:

Once you have tempered the head of your stylus with DOTZ® WAX, place the head of the stylus over the ROUND/FACETED side of the DOTZ®.

Wrap the head of your stylus in cling film when not in use to prevent the wax from becoming dry.

The head of the stylus may be gently cleaned with a toothpick to remove dry wax.

DOTZ® LED ERGO STYLUS

## DOTZ® STYLUS

### Designed specifically for Diamond Dotting

Before beginning to dot, build a thin layer of wax on the head of your DOTZ® STYLUS.

Either press the head of the stylus into the wax several times or gently scrape the head of the stylus over the wax surface several times.

**TIP:** Place the flat side of your DOTZ® onto the sticky surface and slightly twist as you lift off.

DDA.030  
DOTZ® STYLUSES 8 pieces

## DOTZ® WAX

**1** Peel off protective film from the top of the wax surface.

**2** Before beginning to dot, build a thin layer of wax on the head of your DOTZ® STYLUS. Either press the head of the stylus into the wax several times or gently scrape the head of the stylus over the wax surface several times.

**3** Keep the lid of the wax pot well closed to prevent wax from becoming dry.

## DOTZ® SANDWICH ADHESIVE

*Designed specifically for Diamond Dotting*

*Freestyle* **DAZZLE !!**  
Place onto most surfaces  
and start dotting!

### 3 EASY STEPS

- 1 Cut out Sandwich Adhesive to your desired design size and shape.
- 2 Peel back the white release paper and apply sticky side to your desired surface.
- 3 Peel back clear top layer and dot directly onto sticky surface.

#### TIPS:

The clear top layer can be used to protect the sticky surface in between dotting sessions.

Best surfaces are smooth, clean, and dry. Not suitable for use on fabrics or uneven surfaces.

Do not wash, iron or dry clean

## DOTZ® PLAIN FABRIC WITHOUT ADHESIVE

*Designed specifically for Diamond Dotting*

### 3 EASY STEPS

- 1 Apply a generous layer approximately 1/10" (3mm) thick of DOTZ® STICK Adhesive to your desired design area.
- 2 Allow to dry 1-2 hours or until adhesive dries clear. When dry, adhesive will be tacky to the touch and form a strong bond with the DOTZ®.
- 3 Cover the dry adhesive area with DOTZ® Clear Film in between dotting sessions.

#### TIPS:

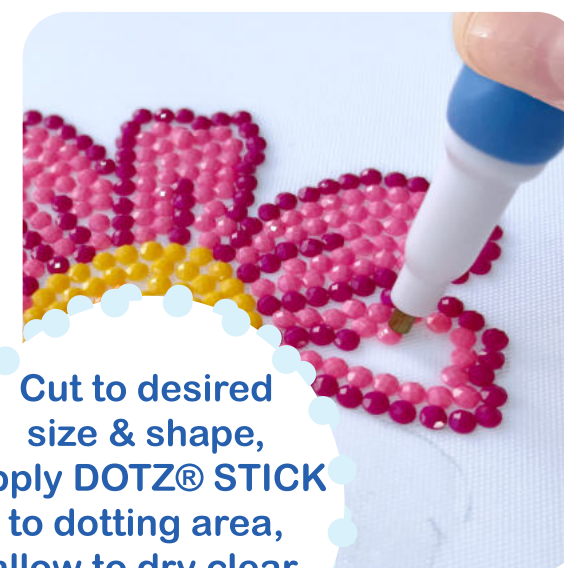

Place design and fabric over a Light Pad for an easy to see dotting area.

For decorative use only.

Do not wash, iron or dry clean

Cut to desired  
size & shape,  
apply DOTZ® STICK  
to dotting area,  
allow to dry clear,  
then DOT!
