

NEEDLECRAFT CATALOGUE 3

Chers clients,

Nous sommes très fiers de vous annoncer l'arrivée de notre nouvelle collection de kits à broder.

Tout en sachant que ce marché en général est un marché mature, nous pensons pouvoir apporter de l'innovation et une nouvelle inspiration à cet univers.

C'est pourquoi nous lançons notre nouvelle collection de kits à broder 'Laybird'.

Nos points forts sont les suivants :

La Broderie 'No-Count Cross Stitch' – Point de Croix Sans Compter - Une façon exclusive et innovante de broder au point de croix. Les symboles sont très précisément imprimés sur la toile Aida et il est donc inutile de compter les points. Beaucoup de modèles magnifiques sont proposés et peuvent être réalisés en deux fois moins de temps que de la broderie à point compté.

La Broderie Punch Needle – Une tendance qui se développe – Nous proposons une charmante gamme de petits modèles - Cadre inclus.

Les Coussins au Point de Croix – Cette activité traditionnelle est renouvelée avec de nouveaux designs et un packaging 'new-look'.

Le Point Lancé – Des modèles pour les débutants qui cherchent un projet rapide à réaliser.

Tous ces kits sont manufacturés selon nos contrôles de qualité très stricts.

Chaque kit a été pensé en ayant toujours le consommateur à l'esprit. Les diagrammes et instructions sont très faciles à suivre et à mettre en œuvre.

Nous n'utilisons que des composants de la plus haute qualité. Les emballages sont tous écoresponsables en minimisant au maximum l'utilisation du plastique.

Notre but est de fournir au brodeur et à la brodeuse une excellente expérience en un minimum de temps.

Notre équipe de designers et de fabrication apporte ses 35 ans d'expérience dans le domaine de l'Art du Fil à cette initiative et notre passion pour la broderie est plus forte que jamais.

Nous allons bien sûr développer cette collection et serions heureux de vos retours d'expérience, commentaires et suggestions.

Avec tous nos vœux de réussite !
L'équipe Ladybird®

Beste klanten,

We zijn trots om de komst van onze nieuwe reeks Needlecraft Kits aan te kondigen.

Hoewel we ons realiseren dat handwerken in het algemeen een volwassen markt is, vinden we dat er een mogelijkheid is om nieuwe innovaties en inspiraties in de categorie te brengen.

Om die reden hebben we onze nieuwe "Ladybird®" serie van Needlecraft Kits.

Hoogtepunten zijn onder meer:

No-Count Cross Stitch - Exclusieve en innovatieve NIEUWE manier van kruissteek borduren. De symbolen worden precies op het Aida-doek gedrukt. Tellen is niet nodig. Veel mooie ontwerpen die kunnen worden gemaakt in de helft van de tijd van normaal getelde kruissteek pakketten.

Punch Embroidery – Trending - we bieden een prachtig assortiment kleine ontwerpen.

Sudan Kussens - Deze traditionele borduurtechniek is prachtig gepresenteerd met geweldige ontwerpen in een nieuwe verpakking.

Lange Steek - Kleine instaprojecten voor iedereen die op zoek is naar een snel te maken project.

Al deze pakketten worden vervaardigd onder onze eigen strenge kwaliteitscontrole.

De pakketconstructie is ontworpen met de consument in gedachten.

Patronen en instructies zijn gemakkelijk te volgen en te gebruiken.

We gebruiken alleen materialen van de hoogste kwaliteit.

De verpakking is milieuvriendelijk en minimaliseert het gebruik van plastic in overeenstemming met de wereldvoorschriften.

Ons doel is om de eindgebruiker in minder tijd een uitstekende ervaring te bieden.

Ons ontwerp- en technisch team heeft meer dan 35 jaar kennis en ervaring op het gebied van handwerken in dit initiatief.

Onze passie voor handwerken is sterker dan ooit tevoren.

We kijken ernaar uit om het assortiment in de loop van de tijd verder te ontwikkelen en verwelkomen uw feedback en opmerkingen.

Met de beste wensen,
Needlecraft Team Ladybird®

Dearest Customers,

We are so very proud to announce the arrival of our new range of Needlecraft Kits.

While we realize that Needlecraft in general is a mature market, we felt that there was an opportunity to bring some new innovation and inspiration to the category.

For that reason, we have launched our new “Ladybird®” range of Needlecraft Kits.

Highlights include:

No-Count Cross Stitch – Exclusive and innovative NEW way of doing cross stitch. Symbols are printed precisely on the Aida cloth. No counting required.

Many beautiful designs that can finish in half the time of normal counted cross stitch.

Punch Embroidery – Trending upwards – we offer a lovely range of small designs including the frame.

Tapestry & Cross Stitch Cushions – This traditional needlecraft is beautifully presented with great designs in new look packaging.

Long Stitch – Small entry level projects for Crafters who are looking for a quick project to do.

All these kits are manufactured under our own stringent quality control.

Kit construction has been designed with the consumer in mind.

Patterns and Instructions are easy to follow and use.

We use only highest quality components.

Packaging is environmentally friendly and minimizes the use of plastic in line with World protocol.

Our aim is to provide an excellent experience for the end user in less time.

Our design and technical team bring over 35 years of needlecraft knowledge and experience to this initiative.

Our passion for needlecraft is stronger than ever before.

We look forward to further developing the range over time and would welcome your feedback and comments.

With best wishes

Needlecraft Team Ladybird®

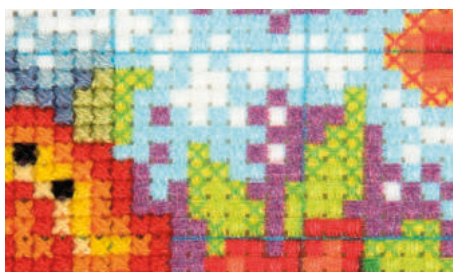

NO-COUNT CROSS STITCH

with Precise Color Print on Aida

No-Count Cross Stitch designs with *precise* Color Print
are easier and faster to finish without losing
the detail you love.

SIMPLY NOT HAVING TO COUNT IS A BREEZE!

The No-Count Cross Stitch Chart is amazingly printed, directly and precisely onto the Aida Fabric squares.

The reference key is printed on the Aida fabric right beside the design allowing you to refer to it easily as you stitch.

The printed shades are bright and intentionally contrasted for easy identification.

ADVANTAGES

TIME SAVING

No need to count or refer to the paper chart to find your place.

THINKING AHEAD

Immediately see the size and scope of your whole design on the fabric piece, making it easy to plan framing and display space in advance.

STREAMLINED

The symbol key is printed on the fabric piece right beside your design.

RELAXING

Stitching directly on the fabric without having to count is more relaxing for the eyes and the mind.

PRACTICAL

Grid lines are printed on the fabric at each 10 square interval.

EASY & FUN

Immediately identify each area of color to stitch. Now it is easy and fun to plan the progress of your work.
